

Siphonic urinal Golem antivandal, radar sensor

Fixing kit: Included
 Inlet diameter (mm): 30
 Minimum flushing quantity (l): 1
 Power supply (V): 24
 Remote control type: Radar
 Syphon and connectors included
 Vandal proof
 Water inlet position: Back horizontal

Colours and options

- H8430700000001 White
- H8430700004831 White/with radar sensor, net supply
- H8430700004891 White/with radar sensor, battery supply
- 8430700004901 White/with radar sensor, integrated supply

Compatible with

- H895091 Power supply 24 V, DC
- H891062 Urinal strainer for Golem urinal
- H895071 Power supply 24 V, DC
- H895072 Power supply 24V DC for up to 9 sensors
- H847601 Urinal division, with installation kit

JIKA offers ceramic solutions geared towards the needs of businesses. One of them is Golem Antivandal, a siphonic urinal with a radar-sensor-controlled flushing system activated after each use. The radar flushing sensor is mounted on a hidden assembly bar. Timer is set to 3 seconds and the water flow rate is capped at 0.6 l/s. 10-year warranty provided. Antibak prevents trapped dirt by having the inner ring and drains glazed. 100% recyclable.
